Filet Crochet software. Create your own Filet Crochet patterns!

\$39.95

Filet Crochet software will create a grid on the screen for you. Use the mouse to fill the squares on the grid to create your pattern. Print the pattern along with the generated crochet instructions.

Features

Edit Feature. Flip, rotate, cut, copy, paste and move sections of your pattern. Resize, shrink, and zoom the pattern.

Add Shapes. Draw squares, triangles, rectangles, circles, ellipses, diamonds and lines simply by selecting the shape from the toolbox.

Flood Fill. Fill-in enclosed regions of the pattern with one mouse click.

Add Text. You can add text into your pattern using any font on your PC. Just select the font, size, style and type the text.

Draw in Mirror Mode. It's just like drawing with a mirror. What you draw on the right mirrors on the left or what you draw on top mirrors below. Mirror horizontally or vertically both or both-mirrored.

Kaleidoscope. Take a section of a pattern and kaleidoscope it up to 5 different ways to get a completely new pattern designed in one press of a button.

Import Pictures and Clipart. Convert any picture or clip-art to a Filet Crochet pattern using the Import Wizard.

Add Special Stitches. Add special crochet stitches to your pattern by selecting the stitch from the toolbox.

Add Stamps. Create hundreds of patterns just from stamps. We've created over 170 stamps to choose from. And now they come in 3 different sizes, small, medium, and large. All are ready for you to use or you can create and save your own.

Add Inserts. You can create hundreds of patterns just from inserts. Inserts are sample motifs of all kinds that you can insert into your pattern. We've created over 45 inserts to choose from. And it's easy to create your own inserts. It's a great way to save motifs that you want to use over and over again.

Add Titles/Footers/Special instructions. Add a pattern title/copyright notice to your pattern. Include any special instructions for your pattern.

Grids/Rulers. Display grids and rulers based on 5, 10, 20 or 30 crochet thread size or baby weight, sport weight or worsted weight yarn.

Colors and Styles. Choose the color and style of the grid and color and style of the filled squares (solid or X's).

Print Options. Print a full-page picture of your pattern or spread your pattern over several pages. Print landscape or portrait.

Instructions. Print the generated crochet instructions for your pattern including estimated finished sizes and amount of thread/yarn needed.

File Preview. View all of your patterns at once in miniature. Select a pattern in the File Previewer to open if for editing and/or printing.

Finished Product Picture. You can see what your pattern will look like after crocheted.

Pattern in Crochet Symbols. See your pattern in stitch symbols. A great way to check your work.

Save Options. Save your pattern as a pattern file (.cht) or picture file (jpeg or bmp). Only pattern files can be edited in the software.

Get started quickly with the included tutorials.

Filet Crochet Patterns. Our professionally designed patterns come in sets of 8 to 12 along with the Filet Crochet Viewer software. The Viewer is used open, view and print the patterns and is free with your order.

Pattern Set 1: Delightful Starts \$6.95

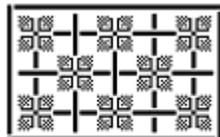

A wonderful collection of smaller patterns for the beginner who is not ready to embark on a big task just yet or someone who is interested in doing smaller, quicker pieces. Most of these patterns fit nicely on end tables or hung as pictures on the wall. Beautiful patterns and simple design is what makes this collection so special.
